

Reminder: It is tick and mosquito season!

Check for ticks after being outside and use bug spray with DEET.

Stay Safe During a Flood

- Follow local alerting systems for current emergency information and instructions.
- Remember, just **six inches** of moving water can knock you down, and **one foot** of moving water can sweep your vehicle away.
- Do not walk, swim or drive through flood waters.
Turn Around. Don't Drown!
- Stay off bridges over fast-moving water.
